Two Boats Sailing Around World Reunite

By Dionne F. Richmond

"If the wind is right, you can sail away, and find eternity...the canvas can do miracles just you wait and see..."—Christopher Cross.

Two separate sailboats launched from their own ends of the world, one from Marion, Massachusetts, USA and the other from Falkenberg, Sweden. They headed on a long journey eager for adventure and to explore the world. Some crew members would not see a winter for two years. Although they had experience coastal sailing, they had only read books about sailing around the world.

Along the way, their paths crossed in New Zealand, the South Pacific in May of 1994 and then along Easter Island. The four men formed a friendship, and shared a special bond for their love of the sea and sailing. Each time they met up, they had new stories to share before they whisked away to another country.

The crew of the *Vagabond*, Peter Cassidy of Natick and Mike Brady, two college friends, sailed around the world in two and a half years and returned home to Marion on June 2nd. Peter's parents have owned a boat in Marion since the early 70s, when he was still a young boy.

When asked why he wanted to sail around the world, Mike said he read about sailing in books but that was the extent. "It seemed like a great adventure to undertake," he said. Along the way, the crew of the *Vagabond* faced many challenges handled with ease and expertise. At one point they lost their mast off the Cape of Good Hope. They had a new one made in South Africa. But they wouldn't trade the experience for anything in the world.

"It surpassed any expectations I had," said Mike. The two men spent their nights sleeping on their boat, and their days on land when they had reached a destiny. Now, looking back at his journal, Mike said he has read some "funny stuff." They both agreed they ran into "all sorts of people." They also learned a valuable lesson. When in doubt of how to speak a language, just repeat the last word they said in the form of a question. It seemed to help them. "Go Sailing, you can't beat the lifestyle," they said. The two helped raise money from a newsletter, but are currently looking for steady employment.

On their way home, the crew of the Akhnaten, (an Egyptian Pharoah they studied in a University class) Christopher Enckell and Magnus Jamsson made one last stop to visit their friends, Peter and

Mike, who happen to be working in Marion. The fog cleared just in time for their arrival. Their journey back to Sweden will take them to Newfoundland and then to Europe. The two Sweds speak perfect English, as they have studied it in school since an early age. They said Marion is an absolutely lovely area, and were grateful the fog vanished enough to appreciate the scenery. The men said they are grateful to the Cassidy family and Mr. Robert Gardner for letting them use their mooring for their short visit. "It makes it easier to stay here, otherwise it would be difficult for us to anchor, it's so croweded," said Christopher. The two sailors are more accustomed to anchoring in third world countries, where boats are scarce.

Their trip back home has the potential of being rough. "We tried to do it in the middle of summer," they said. In three weeks, hopefully less, the two sailors will be back home. For now, they've grown accustomed to eating canned goods, pasta and bread and their cramped quarters. They also share a souvenir to keep their memories alive with

On The Cover: The fog cleared just in time for the arrival of the Akhnatin on Island Wharf in Marion last Friday. Two Sweds, Christopher Enckell and Magnus Jamsson made a stop in Marion before heading back home for a reunion with the crew of the Vagabond. The two boats met up with each other while sailing around the world. They shared stories with Mr. Edwin Broden, who moved from Sweden 70 years ago.

an illustrated diary of their trip. One picture showed a wallet sinking to the bottom of the ocean. One of the sailors lost his wallet during his trip. Another picture showed the two men waking up a gatekeeper, who was sleeping when their boat tried to pass under a bridge. This also actually happened to them.

The two men had plenty in common with Mr. Gardner's neighbor, 91-year-old Mr. Ed Broden of Marion, who is from the same town as the two Sweds. He said he went to school about 10 miles from where they lived. He moved from Sweden 70 years ago, but still visits his sisters and cousins in the country. What was planned as a short visit to America turned to a permanent thing. Mr. Broden married and raised his children here. "It brings back memories," he said after meeting the two Swedish men. Although he sailed while he lived in Sweden, he left that behind him as well.

"There's a little bit of seamanship in every Swed," he said proudly. "We've got coastlines there, thousands of miles long. They make good sailors. It takes a lot of doing for a trip like this. It can only be done by experts that know the water," said Mr. Broden as he spoke to the men in their native tongue.

Mattapoisett Selectmen's Meeting

June 18, 1996

By Kenneth J. Souza

A regular meeting of the Mattapoisett Board of Selectmen was called to order on Tuesday, June 18 at 7:00 pm by Chairman John N. DeCosta. Also present were Selectman Michele C. Bernier and Executive Secretary Carol Adams. Selectman Paul E. Lambalot was not present for the meeting.

At 7:00 pm the board met with Town Treasurer/Tax Collector Kathleen F. Briggs to sign and approve a total of \$2,084,000 in treasury bonds for various town projects approved at the recent Town Meeting. Ms. Briggs explained that a bulk of the principle payment is due within the first five years, and payments decrease after that point. The board unanimously voted to sign and approve the treasury bonds as submitted by Ms. Briggs.

The Selectmen then unanimously approved the minutes of the June 11, June 12, and June 13 meetings of the board, and also approved the minutes of the June 11 and June 12 Executive Session meetings. After signing the warrant, licenses and outgoing correspondence for the week, the board then unanimously approved the annual Dog Warrant for 1996 which, according to Ms. Adams, allows the Dog Officer to perform his duties.

The board also unanimously approved an estimated \$10,000 in transfers from the Reserve Fund which leaves, according to Town Accountant Joseph Bolton, an estimated \$5,000 remaining in the account through the end of the fiscal year. "Once you sign and approve these transfers, they go to the Finance Committee for final approval," Ms. Adams said.

Under incoming correspondence, the board received notice that the Conflict of Interest Seminar — which was slated to take place on Thursday, June 20 at the Town Hall — has been cancelled by the State Ethics Commission. The meeting is likely to be rescheduled, however, sometime before September, according to Selectman Bernier.

The board was cordially invited to attend the 80th Anniversary of the Community Nurse Association and Hospice, which will be held on Saturday, June 29 at 10:00 am at the facility on Center Street in Fairhaven.

The board next received a copy of a letter sent from the Jeff Osuch, Chairman of the Mattapoisett River Valley Water Supply Protection Advisory Committee, to the Planning Board expressing their opposition to a "cluster" proposed subdivision known as Quail Hollow Phase II in Mattapoisett. The committee expressed concerns over the concentration of septic systems and potential problems from nitrogen loading and stormwater runoff in close proximity to both Fairhaven and Mattapoisett public drinking water wells located off Tinkham Lane. The board noted the Planning Board was taking the matter under advisement.

Diane H. Perry of 32 Brant Beach Avenue next sent a letter to the board along with a copy of an appeal which has been filed with the Department of Environmental Protection (DEP) regarding the wetlands lines on the Nunes' estate property on Brandt Island Road. A petition signed by 22 residents was also attached to the appeal.

Selectman Bernier asked whether the board needs to respond or take any action in this matter, and both Ms. Adams and Chairman DeCosta advised her that the do not. The appeal is now in the hands of the DEP, and such petitions in the past did not require and action from the board.

Under the Executive Secretary's report, Ms. Adams noted that the Police Department has run out of money in their Sick Leave Bank account. "This is the first time this has ever happened, but they've run short of money," she said. "We've had an officer who's been on extended sick leave for some time ... and we have another officer who will be out for eight weeks."

Ms. Adams said she talked to the state Department of Revenue, and they advised her that under Massachusetts General Laws, Chapter 44, Section 31, they are allowed to allocate the money from next year's budget. "What we need to do is vote tonight to raise it on next year's taxes," Ms. Adams said. "It doesn't require a Town Meeting vote ... and it's only going to amount to a fraction of one cent."

With that, the board voted to approve the allocation of \$20,000 into the Police Department's Sick Leave Bank account from the fiscal 1997 budget to pay police payrolls through June 30 under MGL Chapter 44, Section 31, and as sanctioned by the Massachusetts Department of Revenue.

Ms. Adams noted that the board would have to vote on appointments to the Bike Path Study Committee next week, and may also consider appointments to the Master Plan Committee and Open Space Committee. There being no further matters to come before the board, they unanimously voted to adjourn for the evening at 7:30 pm.

Marion Selectmen's Meeting

June 18, 1996

By Dionne F. Richmond

A regular meeting of the Marion Board of Selectmen was called to order on Tuesday, June 18 at 7:00 pm by Selectman Loretta B. Schaefer. Also present were Selectman Albert E. Winters and Secretary Helene Craver. Chairman Jonathan "Jody" Dickerson and Executive Secretary Ray Pickles were not present for the meeting.

Before signing the treasury for the week and approving the minutes of the June 11th meeting, Selectmen met with members of the Sippican Lands Trust to discuss the acquisition of open space. President of the Sippican Lands Trust Horace "Hod" Kenney submitted a letter to the Board. "At our last Director's meeting, the Board of the Sippican Lands Trust voted to increase our land holding by 10 percent each year for the next five years. We made this decision for a very specific reason; to help preserve the town of Marion and to support the Marion Growth Management Report as well as the draft open space planning document. This will increase our protected space from 400 to 644 acres by the year 2,000."

"The Sippican Lands Trust will use multiple approaches to reach this goal. They will include land gifts, outright purchases, conservation easements, fundraising, and public outreach and education. We feel strongly that the best way to protect and enhance what makes Marion special is to combine the efforts of the town and the SLT towards this common goal.

The letter also requested a public letter from the Selectmen clearly supporting their joint effort to preserve Marion as a "common objective and would be the best way to implement a combined growth management and open space committee."

"We hope the Selectmen would support our efforts with the town to achieve goals...we hope the Selectmen would support our efforts to achieve the goals outlined," said Mr. Kenney.

Recent acquisitions of the Sippican Lands Trust included: 61 acres conservation restriction donation of the Marion Golf Course in 1994: a 30 acre purchase off Point Road-Pierson 30 in 1995; a 9 acre purchase/ donation on Planting Island Cove in 1995--Howland Cove; a one third acre donation off Stoney Run in 1995--Russell Woods; and an 18.5 acre donation off Route 6 in 1996-Cerkovitz Woods.

Future goals include a 10 percent growth annual growth in Lands Trust Properties and to coordinate open space efforts with the town of Marion.

Selectman Schaefer said the ultimate goal was to "keep the charm of Marion as we know it. "She and Selectman Winters applauded the SLT as a group for taking steps to set goals and to help the town to protect open space. They said the supported their efforts and called them a positive step. Treasurer of the SLT Charles Paulsen, said he wanted to make sure everyone, including the Growth Management Committee (GMC) worked together.

"We want to be careful the SLT and the GMC work together. Their goal is the same. We don't want to alienate anyone (for example) a potential donor by putting pressure from two different groups," said Selectman Schaefer.

Selectman Winters said a joint committee should be drafted to achieve a common goal of all Marion residents. "You were the pioneers in this movement to keep open space for the town. You deserve a lot of credit, you got something going and are getting results," he added.

At 7:30 pm, Selectmen then met with the Growth Management Oversight Committee, including Bob Kostyla, Jim Weinberg, Lee Hayes and David Hirschberg. They presented their primary implementation of the recommendations which included--

• Limiting the number of residential building permits per year.

• Putting a moratorium on development of three of more units with the planning board, Working with the business to develop a plan for business retention and recruitment. Identify those areas where improvements need to be made to the town infrastructure to attract/retain businesses. Consider assigning a member of government to act as an advocate for both new businesses and existing businesses.

Appoint an Open Space Acquisition/Preservation Committee.

 Develop a system of impact fees for developers covering all aspects of Town expenses relating to that development.

Mr. Pickles sent them a memo, with answers to their primary recommendations.

He said he discussed limiting the number of residential building permits per year with Town Counsel Tom Crotty.

Mr. Crotty submitted a letter of opinion on a proposal from April 3, 1987 addressing a similar proposal. "In my opinion, the article, if passed, would not be enforceable. The Planning Board is mandated by

statute to process applications for subdivision approval. The Town cannot temporarily revoke the enforcement of the subdivision control law as applied to the town." Mr. Crotty said this opinion was still valid.

Mr. Pickles also wrote about a moratorium on development. He said the Planning Board can adopt a policy regarding development of larger parcels of land. This policy could limit the number of building permits that would be issued in a subdivision on an annual basis. He also stated this policy would have to be in place prior to the filing of a subdivision, so that it cannot be considered arbitrary or capricious. "I believe the Planning Board intends to address this issue," he wrote.

An advocate for new businesses should be the Building Commissioner, he wrote. In talking with both small, new businesses and existing businesses that wish to expand, the biggest frustration seems to be a lack of understanding of the process involved in the plan and site

review, he wrote. "It would be helpful if, whenever an inquiry is made to the Conservation Commission, Board of Health or Planning Board regarding a new or existing business that contact be immediately passed on to the Building Commission so that a determination could be made of all applicable permits that would be required. Selectman Schaefer also suggested having other business owners, show the ropes and share "war stories" about setting up their business.

For the last two recommendations, Mr. Pickles wrote that the Selectmen should consider appointing the Committee by the end of July. Town Counsel said either the Board of Selectmen or the Conservation Commission has the authority to appoint an Open Space Acquisition

As far as impact fees, Mr. Pickles noted it would be reasonable to say that the Selectmen could have in place fee which would be defensible by October 1st.

Selectmen also received the following correspondence for the week:

• A letter from Buzzards Bay Action Committee regarding the Holmes Brook Project.

Mr. Dennis Luttrell submitted a letter asking if the Board had a copy of the scope of services and milestone schedule for the Holmes Brook project. He offered a copy of them to Selectmen to help them better understand the development of the project.

• A letter from Ray Pickles about the Holmes Brook project. In his letter, he said Charles Bradley, Marion Shellfish Officer contacted Gregory Sawyer, Marine Biologist at his request. Mr. Sawyer is most familiar with the Sippican Harbor and has done all of the sanitary survey work in Marion. "Based on his scientific knowledge, he does not believe the discharge from Holmes Brook adversely impacts the water quality at the swimming beach during normal adverse conditions," wrote Mr. Pickles.

A letter from Jeffrey Oakes, offering to continue working together

in the future on the Holmes Brook project.

• A letter from the Conservation Commission calling attention to an employee of the town of Marion who deserves recognition for her outstanding performance, patience and astute ability to deal with the public. Diane Drake, the Conservation Commission's secretary has continued from the onset of her career with the Town to perform in manner that is both professional and conscientious.

 A letter from the Police Chief requesting the Board declare a 1990 Ford Crown Victoria as surplus and dispose of the same. Due to its poor condition and high mileage, he recommended it be sold for parts. Selectman

approved this recommendation.

There being no further business for the Board to discuss, the meeting was adjourned at 8:20 pm.

Rochester Selectmen's Meeting

Iune 17, 1996

By Jennifer J. Ouellette

A regular meeting of the Rochester Board of Selectmen was called to order on Monday, June 17 at 7:00 pm by Chairman Lorraine Roy Hawkes. Also present were Selectman David L. Hughes, Selectman Richard D. Cutler, and Secretary Veronica Lafreniere.

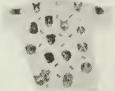

The minutes of the June 10 meeting were unanimously approved by the board.

At 7:15 pm the board met with a representative from Center Garage Realty Trust. The representative wanted a public hearing to convince the Board of Selectmen to approve a permit. The permit is required in order for him to install gasoline and diesel tanks on his property, located on New Bedford Road. After several minutes of discussion regarding paperwork and some frustration on the side of Center Garage, a motion was brought to the floor. Selectman Hughes motioned that he approved the permit and would sign it once the Board of Appeals Special Permit 21E and design plans including the basic installation and safetymonitoring devices — were submitted. The motion was unanimously approved by the board.

At 7:30 pm a representative from the NYNEX

telephone company met with the board. He was at the meeting regarding the need for extra poles to support wires along Walnut Plain and Marion Roads.

He began by apologizing because the telephone company already has several poles in place. The NYNEX representative continued by explaining why the town needs to allow for the other support poles to be put into place. There is currently 300 feet of wire between each pole. This is too much of a span, as the wires will begin to sag and become a safety hazard.

Of course, some residents present at the

FAULTY PRICING LOGIC

When pricing your home for sale, you may ask:
"Why not price it higher than the house is worth because buyers will usually offer less than the listed price?" Although this strategy may SOUND logical, you will most likely end up with less than if you had priced it realistically.

Your Realtor can show you recent comparable sales (what similar houses in your area sold for). Houses that sell within a reasonable length of time are generally priced within 5% of market value. Houses that are over-priced by more than 10% receive little or no activity.

Buyers tend to concentrate on properties that are listed close to market value. Those who would be the most logical buyers will bypass it and purchase elsewhere. In addition, a house that's been on the market for a lengthy period of time carries somewhat of a stigma -- buyers (and some Realtors) tend to feel that something must be wrong with it. You will do yourself a big favor, in both selling time and profit, if you price your house properly from the start.

Call Bruce today with any of your Real Estate questions or needs. We're here to help!! 758-6738.

meeting were annoyed by the fact that some poles were already installed. Police Chief Walter Denham complained that the company has been "sneaking in, setting up poles, and sneaking out without police assistance." According to Rochester's By-Laws, whenever a work crew is obstructing one lane of traffic, the company needs to hire a police detail for public safety reasons.

Chairman Hawkes moved at this time that the board send a letter to NYNEX's regional director and inform them that the company must abide by the town's by-laws on all future jobs ... and a copy of the by-laws would be included with the letter. The

motion was unanimously approved.

At 7:35 pm William Towers of the Park Department met with the board to gain a release of property on Dexter Lane. The Park Department was also looking for a little control on the project, so that they don't have to come before the Board of Selectmen on a "regular basis." Selectman Hughes motioned to release the land to the Park Department.

Chairman Hawkes seconded the motion as long as the land next to the school is given back to the town if the land is needed for a school facility. In response, Mr. Towers couldn't guarantee the return of the land if it was already developed (for example, as a baseball field). Chairman Hawkes then withdrew her amendment, and the board unanimously approved the motion.

Selectmen then reviewed incoming correspondence for the week, beginning with a letter from Tree Warden Jeffrey Eldridge. Mr. Eldridge

discussed plans to string wires on top of the existing poles on Mendell Road in order to provide utility service to the north side of Mendell Road. Selectman Hughes motioned that as long as the maples on the road were not going to be touched, there was no problem. The motion was unanimously approved by the board.

Another letter was received from Ms. Robert C. Anderson regarding the promptness of emergency services after calling "911." Apparently she was at home late one evening when a large male refused to leave her property. She was scared for herself as well as her husband, who would be arriving home from work, and she called "911." Within two minutes Rochester Police Officers Canney and Protami arrived at her home and "reassured her and took the intruder to lockup." After reading the letter, Chairman Hawkes motioned to send copies of the letter both to Officers Canney and Protami, which was unanimously approved by the board.

The board next received a letter from the Acushnet Saw Mills regarding a description of land to be released. However, the Board of Selectmen did not recall any inquiry of land to be released, and therefore moved that Ms. Lafreniere contact Mary Ellen Hawes Lees — who submitted the letter — and inform her that the Rochester Board of Assessors has nothing on file regarding the property.

A letter was received from Town Accountant Claudette Coutu regarding transfers to the Finance Committee (FinCom) for any bills relating to the

notice with the Board of Selectmen regarding their upcoming anniversary on June 29. The association will be having an Open House from 10:00 am to 4:00 pm on Center Street in Fairhaven.

The Selectmen then signed and approved:

- \$2,000 allocation to the Women's Center, Inc. of New Bedford as approved at Town Meeting, allowing Rochester 24-hour access to their services;
- Appointments to the Master Plan Committee;
 - \$500 transfer to the Dog Officer account;
- \$2,979 payment to the Department of Employment and Training.

Under New Business, the board requested that any Rochester resident interested in applying for a position as a lifeguard at Silvershell Beach in Marion should contact the Board of Selectmen, c/o Town Hall, 1 Constitution Way, Rochester, MA 02770, or call 763-3871. Applicants must be certified.

Since Selectman Cutler had to leave early, the board agreed to hold discussion and consideration of both the Executive Secretary position and the Police Chief contract until next week's meeting. There being no further matters to come before the board, they unanimously voted to adjourn for the evening at 8:32 pm.

Mariner Girls Soccer

• The Mariner Girls Under 9 Team coached by Andy Bobola, Cindi Bobola, and Jason Bobola won the First Annual Mariner Invitational Soccer Tournament, which was held on June 8 and 9. In the first game, the girls faced off against Sandwich and took the match, 6 to 0. Everyone played extremely well, and earned the win.

The second game was against a real tough Dartmouth team. The game went back and forth, with the Mariner Girls coming away with a close 2 to 1 win to assure them a place in the finals.

It was an interesting final game, as the two Mariner teams in the tournament faced each other to determine which would be the champions. It was a 1 to 0 game with the lone goal coming 20 minutes into the second half.

After the game a very wet Andy Bobola thanked the other Mariner team for a great game. He said both the teams had great scoring opportunities and, as far as he was concerned, both teams were winners and everyone should be proud of the effort they made. He then proudly handed out trophies to the members of the team, including Siobhan Brown, Molly Laine, Alaska Burr, Katie Bobola, Katerie

• The Mariner Girls Under 12 Division I
Team coached by Ted Drew and Dennis Winn won
the South Coast Soccer Championship and will
represent the league in the upcoming Massachusetts
Tournament of Champions at Fort Devens.

It was an up and down year for the team, as they ended the regular season with a 7-3 record and just squeaked into the playoffs. After a real intense pep talk from the coaching staff before entering the playoffs, the girls traveled to Falmouth to play the First Place Eastern Division champs on their own home field and came away with a decisive 3 to 1 win. After the game the coaches told the girls it was the best game they had played all year.

The girls then traveled to Sandwich to face off against a tough Yarmouth team that had upset undefeated Dartmouth to find themselves in the finals. It was a damp, windy day on Cape Cod, and after a 0 to 0 first half the girls had the wind in their favor and took advantage of it by scoring two goals in the second half for a 2 and 0 win and the South Coast title.

Tori Winn played both games in goal and did an outstanding job. Jamie Aguiar, Samantha

FERRETS

I am thinking about getting a pet ferret. Will a ferret get along with my child and dog? Ferrets and dogs usually get along fine. Ferrets should not be left alone with small children as these animals seem to be attracted to the fats in a child's skin and may bite.

Do ferrets require any special care?

A home must be "ferret proofed" to avoid escape and ingestion of rubber and plastic items. Ferrets should eat ferret food or a good quality dry kitten food. They require annual vaccines for distemper and rabies.

Dr. Gould can be reached at the Mattapoisett Animal Hospital (508) 758-6400

Marion Art Center

Reservations are now being accepted for the Marion Art Center's Summer Musical Revue entitled "Some Enchanted Evening." This show, designed and directed by Paul Sardinha, features the music and lyrics of Rogers and Hammerstein, who collaborated on such classics as "South Pacific," "The King and I," "Carousel," "Oklahoma," "Flower Drum Song," and wrote many of the songs we call "standards" like "All the things you are" "My Funny Valentine," and other ballads as well as upbeat numbers such as "There is Nothing Like A Dame."

A recent article in the *New York Times* states that the cabaret as a form of entertainment is thriving. People love the classic songs, the standards we cry to or sing in the shower to, and these well-crafted, sturdily built songs hold up over the years. It took Hammerstein several weeks of constant tinkering to get some of his simplest lyrics right "If I loved you..." for example), while Rogers was perfectly capable of dashing off the matching tune while dinner guests finished their coffee! Their collaborations will be showcased in the Art Center cabaret production. Cast members are: Dana Barrows, Sheila Furtado, Deidre Hickock, Peter Kortright, Marcia Perreira, Brett Outchcunis, Anne Schenck, Scott Simpkin and Paul Sardinha.

"Some Enchanted Evening" opens on Friday, July 5th and will run on July 6, 7, 12, 13 and 14th. Curtain is at 8:00 pm on Fridays and Saturdays and at 7:00 pm on Sundays. Seating is cabaret style plus individual seats and refreshments will be available. Tickets are \$12 for members and students on Sundays. Reservations are strongly recommended. Call (508) 748-1266.

Town Of Marion

Marion Town Clerk Debra Blanchette has announced that dog licenses for the fiscal year beginning July 1, 1996 are now available at town hall. The cost is \$7 for a spayed or neutered dog and \$10 for all others, male or female. It is necessary to provide proof of rabies vaccination at the time of obtaining a license. If the dog was licensed last year and the vaccination is still valid, it is not necessary to provide it again. All dogs three months of age or older must be licensed.

Penny Pinchers' Exchange

The Penny Pinchers' Exchange in Marion invites the public to their twentieth anniversary celebration on Saturday, June 29th in the Congregational Chapel on Main Street. The consignment shop was opened two decades ago by parishioners of the Congregational Church of Marion to raise money for missions efforts at home and abroad.

Volunteers continue to staff the shop and will host a celebration party, modeling clothes from the shop in a Style Show at 10:30 am, 11:30 am and 12:30 pm in the Community Center Hall upstairs. There will be music during the show, and refreshments served throughout the morning. Everyone attending the celebration may sign an entry form for a door prize. The Penny Pinchers' Exchange will remain open its usual Saturday hours, 10:00 am until 1:00 pm.

Students Learn About Pioneer Life

Fourth graders from Old Hammondtown and Friends Academy shared a curriculum developed by teachers Mrs. Kennedy, Mrs. Gaudet, Mr. Bean, Mrs. Taylor, Mrs. Miraglia from Friends and Mrs. Smith from Old Hammondtown. The unit on 1800s pioneer life was integrated throughout the curriculum. The children became friends via pen pal letters. Friends students visited O.H.S. in April and had lunch with their pen pals. Both classes visited the Mattapoisett Museum and Carriage House. They learned about life in the 1800s, its technology, clothes, tools, furniture and toys.

The unit studied culminated in a very special Little House on the Prairie Day Celebration on May 16th at Friends Academy. The children dressed as children from the 1800s. They danced and sang songs they had learned together. Mrs. Taylor played the fiddle just as Pa had in the book. After lunch they rotated among nine different stations "depicting" a part of 1800s life style. Lauren Folino and Colin Tully enjoyed making sachets with potpourri. Colin and Lauren liked the scent and enjoyed sewing it together.

Meanwhile, Mr. Bean played the banjo, guitar and led the children in the sing along with Mrs. Taylor. He also organized the Hoop games. Ben Shwartz and Ryan Ansaldo like rolling the hoop with sticks in a relay race. Muriel Carle and Andrew Chin made bead bracelets just the way Laura and Mary did in the book. Muriel loved the sparkle colored beads and Andrew said the boys got brown string and the girls got silver. Justin Dubois enjoyed sanding the wooden pieces and making the toy boats. Allison Grondski said sailing them down the Mattapoisett River was the best part.

Derek Eilertsen liked making the sun catchers best because his mother was the volunteer at that station. Nate Mitchell liked hammering the nails. The fire and ice cream stations were a big hit with everyone. Sabra Sullivan helped make the stew and Ryan Jones helped by eating the marshmallows, bread and stew. Billy Cornish and Emily Pendergast thought it was great having ice cream in school. Choosing which topping was the hardest part of the

The children learned the lacrosse game was invented by the Indians. Pat O'Connor had fun passing the ball to team mates. Elissa Borges learned how to cradle the ball and run at the same time. The last station was embroidery and quilting. The Friends Art Department made the quilt with the fourth graders titled "Dreams for America." Every student signed it and wrote their dream. Marc Schmid's dream was to protect all animals. Lauren Caldas wanted everyone to wear protective helmets when riding a bike. Everyone hoped that each student understood the hopes and dreams of their ancestors who traveled west to develop America.

"Welcome Home Cabaret" in Fairhaven

Entertainer Iim Silverman croons tunes in June for the Fairhaven Tourism Committee's "Welcome Home Cabaret." The event will be leading off Homecoming Weekend on Friday, June 28 at 7:00 pm in the auditorium of the Unitarian Memorial Church on Green Street in Fairhaven. In addition to hearing familiar music from many of Broadway's greatest musicals, those in attendance may sample pastries, coffees and tea prepared by Pumpernickel's. Admission is \$10 per person.

Mr. Silverman is known throughout the region for his regular performances at the Governor Carver Inn in Plymouth and the Dan'l Webster Inn in Sandwich. He earned a Master of Fine and Performing Arts degree from Brandeis University and has honed his acting skills under the tutelage of Otto Preminger, Uta Hagen and Jerry Lewis. He has performed lead roles in countless productions of Broadway's best-loved shows such as Phantom of the Opera, Fiddler on the Roof, Man of La Mancha, Cats, Les Miserables, and others. Musical accompaniment is provided by Paul Huberdeau, who has credentials including the position of pianist for the touring companies of Bob Fosse's Dancin' and Pippin.

The "Welcome Home Cabaret" was suggested and organized by Fairhaven Tourism Committee Vice Chairman Natalie S. Hemingway as a musical prelude to the Fairhaven Homecoming Day Fair. "I felt we should have a nice familyoriented event on the Friday evening before Saturday's fair," she said. "I've brought people on

ninth season of the open air "Music at the Meetinghouse" series on Saturday, June 22 at 7:00 pm (rain date: Sunday, June 23). Joe Ponte and his Orchestra play music of the 1930's, 1940's and 1950's in a style that has made the group a local favorite. Held on the lawn of the Long Plain Friends Meetinghouse, 1341 Main Street in Acushnet, the free concerts also offer FREE homemade refreshments and hot and cold drinks during intermission.

Sponsored by the Friends of the Friends Meetinghouse and Acushnet Citizens Together Improving Our Neighborhood (ACTION) as a community service, the groups also offer tours of the Quaker Museum at the Meetinghouse from 5:30 to 6:30 pm.

The second concert of the series, on Saturday, July 27 will feature southeastern Massachusetts' own award-winning barbershop group, the Harpoon Harmonizers, and the third and final concert of the season on Saturday, August 31 will feature Calaban, the extraordinary a capella group who specialize in the traditional music of England, Scotland, and Ireland.

For further information, please call 763-5368 or 763-2488. Bring folding chairs and/or blankets. *Meetinghouse Rentals*

The Long Plain Friends Meetinghouse, 1341 Main Street in Acushnet, is now available for rent for weddings and other events. Built in 1759 and listed on the National Register of Historic Places, the meetinghouse in a picturesque setting is a perfect

Mattapoisett Museum & Carriage House

Your Museum Needs You!

On July 2nd, the Mattapoisett Museum & Carriage House, 5 Church Street, will open for the summer season. The Museum will be open Tuesday--Saturday, 1:00 pm until 4:30 pm through August 31st, and it is through the help of volunteers that this is made possible.

Two volunteers are needed every day to act as hosts to welcome visitors and acquaint them with our fine museum. It is a great opportunity for you to get to know your museum better and learn more about your town's history. You need not necessarily be a member of the Historical Society to volunteer, and we do welcome young adults (16 years of age and up).

Movie Review Plug into the *Cable* Guy's dark side By Rob Gonsalves

• The Cable Guy. Starring Jim Carrey and Matthew Broderick. Directed by Ben Stiller. Running time: 91 minutes. MPAA rating: PG-13. At Cinema 140 in New Bedford.

The guy has a few problems. His childhood reads like a list of suburban despair: abusive dad, oblivious bar-hopping mom, electronic babysitter. His adult life is terribly empty and lonely, and the loneliness expresses itself in anti-social spasms of weird aggression. He's clingy and annoying at best, violent at worst. His basic need is the same as anyone's: to be loved and accepted. Yet, because of who he is and how he behaves, he can't help pushing everyone away.

This sounds like the blueprint for a hefty drama, something Martin Scorsese might direct in a bad mood. Instead, it's the premise of the new Jim Carrey comedy. The reviews have been baffled and hostile. The Cable Guy has already been spanked for being too dark, too creepy, and "no fun." Recall, though, that Scorsese's 1983 The King of Comedy got whacked on the same grounds mainly because people expected a zany Jerry Lewis comedy. Retrospect has revealed it as a misunderstood gem. I hope *The Cable Guy* won't have to wait as long.

Carrey, of course, is the Cable Guy, and not just in this movie. His persona has always been plugged into pop culture; he belongs to the post modern ironist's tradition of Robin Williams and Steve Martin. The Cable Guy, whose entire experience of life is filtered through TV, is a classic post modern creation — he channel-surfs through his own head.

Speaking with a dopey, insinuating lisp, Carrey seems eager to go all the way into scary neediness. Overall it's a brilliant and fearless performance, a blackcomic tour de force, and maybe only the \$20 million man can afford this kind of gamble.

Weaned on TV, the Cable Guy takes philosophical and sensual delight in whatever flickers across the tube. He pushes his way into the life of a yuppie customer (Matthew Broderick), offering advice, free cable services and equipment, even a prostitute. In return, he wants only friendship. But the yuppie correctly guesses that the Cable Guy demands a level of devotion that no one could give. Broderick (an excellent straight man) distances himself, but the Cable Guy keeps on coming — a sociopathic Energizer Bunny.

The Cable Guy resonates with sadness and dread, yet it's also consistently funny (in an intensely uncomfortable way). Much of this, I assume, is due to Lou Holtz Jr.'s sharp script. And director Ben Stiller, rebounding from his freshman effort (the whiny Gen-X piffle Reality Bites), digs into the multi-levelled satire; he gives cameos to himself (as a homicidal twin) and old friend Janeane Garofalo (who effortlessly steals her scene as a jaded waitress at a medieval theme restaurant).

Despite a flat ending meant to put a smile on the bleakness, the movie may be a tough sell. Will Carrey's fans follow him to his dark side? I don't see why not: his diabolical riffs in Batman Forever prepared us. Maybe, like Jerry Lewis in *The King of Comedy*, he'll lose younger fans but gain respect among older fans.

In The Cable Guy, Jim Carrey is as rubber-faced as ever. Only this time he shows us the beast behind the mask.

This Week's Horoscope

by Linda Black

Weekly Tip: The sun's in Cancer, good for household projects and investing money.

Aries (March 21-April 19). Watch your flank — you're slightly outnumbered. To win, use an old trick. Buy something nice for the

Taurus (April 20-May 20). Keep your head down - some of the others may get pretty feisty. Don't get stressed about something you can't change.

Gemini (May 21-June 21). You're very smart. Use your wits to find the money you need. One way could be to work overtime. You might rekindle an old flame.

Cancer (June 22-July 22). You may feel like you're getting hit from both sides. Hold out, you'll soon be at your most powerful.

Leo (July 23-Aug. 22). Do a little research to solve an old problem once and for all. Go along with a friend's agenda - it's payback time.

Virgo (Aug. 23-Sept. 22). Your chances of overspending are pretty high. If you must have the item, go ahead, but don't tell your friends how much you paid.

Libra (Sept. 23-Oct. 23). You have magical powers. Use them to help two warring factions find common ground. Don't ask for a raise!

Scorpio (Oct. 24-Nov. 21). Turn in past due paperwork. You're lucky all week, but you still have to do the work. You might get a chance to run errands. If so, make the most of it.

Sagittarius (Nov. 22-Dec. 21). Your friends try to help, but could almost make matters worse. Don't gamble - pay off a debt instead. You're in a better mood but caution's still required.

Capricorn (Dec. 22-Jan. 19). The pace is hectic. Try not to trip over your own feet keeping up with other people's demands. Follow a strong leader to achieve your mutual goals.

Aquarius (Jan. 20-Feb. 18). You can get a lot done if you apply yourself. Don't you just hate that? Work interferes with your social life. It's even worse when the boss is watching.

Pisces (Feb. 19-March 20). Pay back all your debts and you'll be enormously lucky. Accept coaching from your boss and follow an older person's lead.

The funds for these grants were generated by advertisers in the LWV Phone Book. The League felt the community should benefit from the phone book profit and education was our choice. Education deserves all the help and positive publicity it can get. Our form of government depends upon it and we found the three winning individual proposals so fitting, we funded all three rather than the two we said we would.
